SERVING 37,000 YOUTH IN CHICAGO AREA COUNCIL

July 1978 Vol. 6 No. 7

New Board Members

Three new Executive Board members for the Chicago Area Council, Boy Scouts of America, were recently elected.

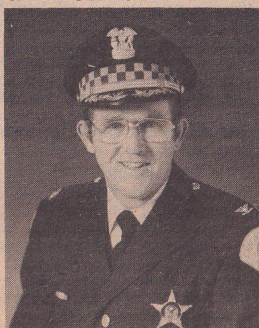

They are: Superintendent James E. O'Grady of the Chicago Police Department; Fire Commissioner Richard G. Albrecht, City of Chicago; and Kenneth T. Wright, Partner, Menaker, Dangerfield and Wright.

Superintendent O'Grady was born in Chicago and attended St. Veronica Elementary School and St. George High School. He received a Bachelors Degree from DePaul University.

He joined the Chicago Police Department in 1952 and has served in the Patrol Division, Traffic Division, Vice Control Division, Training Division, and Criminal Investigation Division. In 1975, he was named Chief of the Criminal Investigation Division. In April of this year, he was selected as the new Superintendent of Police, succeeding James M. Rochford.

Superintendent O'Grady has had three sons involved in the Scouting program over the years. His oldest son was a Cub Scout, the second son was a Scout, attaining the rank of Life Scout, and his youngest son is currently involved in a Scout troop on the north side.

Commissioner Albrecht has been involved in Scouting for many years. As a boy, he was an Eagle Scout, camped at

James E. O'Grady

Camp Stuart at Owaspie for eight years, attended the National Jamboree at Valley Forge, went on the first Chicago Area Council Philmont trek, and served as a Scoutmaster on the north side for approximately ten years. As Scoutmaster, his troop also camped at Camp Stuart for many years.

Kenneth Wright was born in Chicago. He graduated from Amherst College with a B.A. in 1952 and received an M.B.A. from Stanford in 1954.

He served in the Navy as a Lieutenant J.G. from 1955 to 1958.

He lives in Winnetka, Illinois with his wife Judy and their four children.

Wood Badge

You need to register in July if you plan to attend Wood Badge, the Scout Leadership Training Course for adult Scout leaders, this summer.

There are two parts to Wood Badge Learning Experience in the Boy Scouts of America: the practical part and the application period.

PRACTICAL - This is a 7 day learning experience consisting simply of Living Scouting. Participants learn leadership and Scouting skills as they apply to the development of both men and boys.

APPLICATION - A minimum of 6 months must elapse between the practical experience and final certification. During this period the learner is expected to apply that which he has learned and endeavor to fulfill the terms of a self-prepared commitment of the performance ticket. A maximum of 2 years is allowed.

In 1978 the Chicago Area Council is offering two opportunities for the practical part of the Wood Badge experience.

A WEEK LONG COURSE, AUGUST 12-19, at Hoover Scout Reservation. Mr. Raymond C. Bevans, Course Director.

A WEEK-END COURSE, AUGUST 26, 27, SEPT. 8-10, SEPT. 22-24, at Yorkville Scout Camp. Mr. George Sparks, Course Director.

"The people in blue and white caps"

Very much in evidence at the Camporall were a group of young people in blue and white caps driving trucks, hauling supplies and equipment, pushing or towing stalled cars and working steadily from early morning to late at night.

These young people belong to the Volunteer Camp Ranger Staff, comprised of former Explorers and Scouts. Six of them are former members of Explorer Post 9999, the rest are from a number of different Scout troops.

Their work did not begin with the date of the Camporall. Five months prior to the Camporall, the Yorkville (now Hoover) staff started to prepare for the great event. They rolled tents, unrolled tents, set up tents, took down tents, tagged tents, stored tents, loaded and unloaded tents. They cleaned kibos, repaired kibos, painted kibos, turned on kibos and turned off kibos.

They dug holes, set poles, put poles together, set up pools, loaded gravel, fixed roads, and drove to Chicago for loads of materials and supplies.

They cleaned, repaired and painted cabins. They set up tents and commissioner flies.

They made tent poles, put cook kits together, put tool kits together, washed cook kits. They assembled a multitude of tools, piping, rope, platforms and other miscellaneous items for different events.

They built platforms for the stage show, they moved patrol tables to different places at least a dozen times, built roads, mowed grass, brushed campsites, cut hundreds of stakes, marked areas, and got cold and wet a lot.

They got stuck and pushed a lot, they checked and double checked everything at least two or three times.

During the Camporall, they loaded equipment, unloaded

equipment, delivered equipment.

They were yelled at, harrassed, cussed, praised and just plain ignored. They transported people, canoes, boats, gear and items for satellite trading posts. They were caught in traffic a lot.

They fixed things that broke, cleaned kibos, and fixed kibos. They picked up newspapers, hauled water buffalos, filled water buffalos, and got stuck in traffic.

They moved a thousand items from one place to another. They delivered garbage containers and bags, parked cars and got stuck in traffic.

They did anything and everything that was asked of them.

From Friday morning until 4:00 o'clock Monday morning, they averaged about six hours sleep.

After the big event, they pushed cars, jumped cars, and repaired cars. They hauled garbage and hauled garbage.....a total of 25 tons in all.

They picked up equipment all over the camp. They hauled equipment back to different towns and cities from which it came.

They pulled tents, unrolled tents, rolled tents, and put tents away. They cleaned and fixed equipment.

Who were these young Scouters. Their names are: Rocco Malandrino, Sue Frankenburger, Doreen Frankenburger, Ellen O'Connor, Tom Jennrich, Kevin Skinner, and Angel Lewis, all formerly of Post 9999.

Ron Diedrich, Marty Diedrich, Bob Wacławik, Chris Sanchez, Mike Mantazic, Larry Miller, Rich Mueller, and Dave Hall, all formerly of Troop 32, Two Rivers Council.

Rich Butson, Diana Vodeka, and Chuck Nagle, Members at Large.

Program Planning Roundtables

All districts will have program planning roundtables in July or August to give unit leaders information on the 1978-79 program. Make sure your units are represented at these roundtables. Quality programming is a must, if we are to keep our promise to the youth that join. Have a carload from your unit join with the other Scouters from your district at this most important annual event. Watch your district column for date, time and place.

Each unit will receive a kit of material which will include your district and council calendar for 1978-79, your program planning helps and your program planning chart, plus a unit leader program notebook.

National Guard

The Illinois National Guard, under the command of Major General John Phipps, provided major support to the success of the recently completed Camporall.

Captain Frank Thompson, of the 44th Support R.A.O., served as on-site commander and had the support of the following groups:

The 433 Signal Company,

commanded by Lt. William LaFleur, the 933 Military Police Battalion, commanded by Lt. Tye, and the 808 Medical Battalion, commanded by Captain Don Flynn.

The support of the National Guard is deeply appreciated. The hard work and cooperation of the men and leaders of these units made possible a successful event.

Helping hands prepare camp

Over 200 Arrowmen from the Owaspie Lodge, Order of the Arrow, and 50 adult volunteers from the Owaspie Staff Association and Chippewa District recently completed hundreds of hours of service to the Owaspie Scout Reservation to prepare the camp for this summer's Scouts. Staff cabins were rebuilt, pools painted, 6,000 trees planted,

Information Booth remodeled and re-roofed, shrubs planted, grass cut, garbage racks rebuilt, Guest Lodge painted and remodeled, Family Camp cabins remodeled, Owaspie's gravesite tended, Museum prepared, washing machines repaired and on and on. We wish to express our sincere appreciation to all those who contributed their time and talent.

Behind the scenes

A lot of time, effort, planning, and just plain back-breaking labor went into the behind the scenes work that was done to get the Yorkville Scout Camp (now the H. Earl Hoover Scout Reservation) ready for the Camporall.

The committee started planning and working months ago. Ranger Leon Winckel, assisted by his wife Virginia and the Volunteer Ranger Staff, started physical preparations five months before the event.

The National Guard and Kendall County Sheriff's Department helped in initial plans last fall and winter. Some 200 men from the National Guard were present at the Camporall. They reported several days before the event and laid communication lines and helped set up camp.

The Physical Arrangements Committee, with representatives from each district, were out the week before the Camporall to stake out the various campsites and areas.

The District Executives and Chicago Area Council staff worked Wednesday, Thursday, and Friday spreading gravel, setting up tents, hauling equipment, setting flagpoles, digging up and repairing water lines, and a host of other jobs.

Several volunteers helped set up the stage and various other activities.

The Order of the Arrow worked in the hot dog booths and in many other ways.

The Camporall was a great success and will be remembered and talked about by thousands of boys.

The fact that it was a great success is due to the concerted efforts of hundreds of people.

Troop Leader Training

As in the past, Scoutmasters have the prime duty to start and continue the development of troop leaders. Their own preparation is all aimed in this direction. They are not alone, however, in this responsibility and their greatest resource is their Scout council with its advantages of concerned and ably trained people and facilities well-suited for these purposes.

Changes in the Scout program have placed even greater stress on the ability of Scouts to develop and carry out their own troop program. The need now is for faster, more effective ways of troop leader development than most troops could provide. Methods of leadership development in Scouting have been dramatically changed to use the best means yet demonstrated for the sound and rapid education of leaders. The emphasis is now on development of individuals' leadership abilities rather than mere training to do a job. Practical trials show that this works well with young men.

Senior Patrol Leaders and Leadership Corps members have little in common. Their qualifications are different; their jobs are dissimilar; the means by which they attain office are different. But they do share a couple of things: they need the competencies of leadership and they need to understand the Patrol Leader's job, because he is where the action is!

The Chicago Area Council will conduct its Troop Leader Course on July 16 to 22 1978, at Hoover Scout Reservation. The fee is \$48.00. This 7-day council course is intended for Senior Patrol Leaders and Leadership Corps members as intensive experience in learning the nature of leadership and some skills needed by leaders.

Many troops sponsor their Senior Patrol Leader as an investment in the future leadership. The course will provide the participants with: A challenging, inspiring, and enjoyable learning experience. An understanding of leadership as being the property of a group. A realization that leadership is not inborn but can be learned. Knowledge of the major competencies of leadership.

Application of these competencies to patrol and troop problems. Awareness of the dual tasks of a leader: group mission and group maintenance. A situational approach decision making with ability to apply appropriate leadership styles.

A grasp of the responsibilities and relationships of their own and other troop offices. Models on which to pattern their own approaches to leadership. Write Chicago Area Council, Program Services, 300 West Adams Street, Chicago, Illinois 60606 or call 782-3990 for information and applications.

Ten volunteers worked at the Scout Service Center on May 23, addressing some 12,000 copies of the 20-page Camporall and June issue of the Chicago Area Scouter.

The Scouters that helped were: Mary Tyeptanar, Diana Brosmore, Florence Robinson, Sandy Burgin, Chris Doherty, Doris McCabe, Donna Richmond, Millie Emery, John Cameron, and Floy Burdette.

If you would like to help address the August issue, please call the Scout Service Center, 782-3990.

Do You Have a Will?

Did you know that you have a will? Even if you have never made an official will; to all intents and purposes, you have a will that specifically states who inherits your estate.

The State of Illinois specifies who will inherit in the event of death without a will. However, this state disposition of your estate may not be in accordance with your wishes.

For specific information on how your heirs can save on inheritance taxes by a properly written will or trust fund, contact Jim Gelwicks, 782-3990.

Explorer Canoe Race

Chances are, there are more than a few Explorer posts in your district that thrive on intense competitive activity. That's why you'll find it helpful to pass the word about the 1978 National Invitational White River Canoe Race, slated for August 9-12 in northern Arkansas.

The event, sponsored by the Exploring division of the Quapaw Area Council, Little Rock, Ark., is considered by many to be the nation's foremost water-sports adventure for Explorers. Contestants will race over a 120-mile stretch of the White River, starting on August 9 from the river's east bank at the Bull Shoals State Park (on the Arkansas-Missouri border near Mountain Home, Ark.) and ending at Batesville, Ark. on August 12.

Explorer posts may compete in seven heats within five racing divisions. Handling each canoe during every heat will be two Explorers whose total accumulative ages must not exceed 37 years. An Explorer post may enter as many canoes as desired, but must have an adviser for each canoe team. Each team will appoint an Explorer captain to be its representative on the race committee.

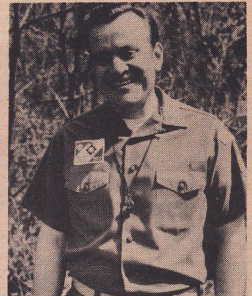

The National Championship Rotating Trophy will be awarded to the team with the shortest accumulative elapsed time for all heats. Trophies also will be presented to every member of each team placing 1st, 2d, or 3d in all divisions, and to the team voted by all Explorers to be the best in the race.

Explorers don't have to be expert canoeists to enter. However, participants should be in good physical shape, and must be conditioned for strenuous exercise and long endurance.

Registration fees of \$10 for each Explorer and Explorer team adviser must be received by the Quapaw Area Council by July 22.

For more information, interested posts should contact Danny Matheny, Exploring Director, P.O. Box 3663, Little Rock, Ark. 72203 or call 501-664-4780.

Scouting thoughts from the Scout Executive

Edward C. Jacobs

A LEGACY OF LEADERSHIP

In 1919, Sir Robert Baden-Powell, the founder of the Scouting movement, wrote in his handbook called "Aids to Scout-mastership": "The important object in Scout training is to educate; not to instruct, mind you, but to educate; that is, to draw out the boy to learn for himself, of his own desire, the things that tend to build up character in him."

It had become evident to Baden-Powell that if this sort of result was to be gained in developing youngsters, adult leaders would have to be properly trained in certain educational techniques.

In August of 1919, as part of the basic adult leader training program he had developed, Baden-Powell conducted the first practical exercise known as Wood Badge.

The program amounted to a somewhat advanced course for leaders in the practical skills necessary for leadership in effective development of youngsters.

To each leader completing the course, Baden-Powell presented a small wooden bead from a large necklace that once belonged to an African Zulu Chieftain. From this came the name - Wood Badge.

Since that time, Wood Badge courses have been conducted in over 110 nations of the world, with Baden-Powell's original purposes still prevailing and relevant.

There are several positive results that a Scouter can expect from completing the Wood Badge program. The most obvious result is to be awarded the outward recognition tokens - the parchment certificate, the distinctive neckerchief, the leather Turk's head neckerchief slide and the Wood Badge itself - those two wooden beads on a leather thong - the badge that is recognized around the world as a symbol of practical training and leadership experience. But that result is not really too important. It's two little beads on a simple footlace. It is not fashioned from silver or gold.

The more important results of the Wood Badge experience are found in what it will do for you as a Scout leader. It will sharpen the desire for knowledge and the ability to relate to others....it will improve skills of leadership and skills of Scouting....it will enhance understanding of the aims and methods of Scouting....it will improve ability to achieve these aims by sharpening skill in using the methods.

And, it will do these things in the practical, outdoor environment that is guaranteed to be fun-filled.

Without question, the most important value of Wood Badge is not to be found in simple words....it's an experience in inspiration that recharges a Scouter's batteries and instills a spirit that directly affects the lives of the boys that you touch.

Scouters who do not avail themselves of the inspiration and skill development of Wood Badge are depriving themselves and their Scouts of the effects of the most motivating and enjoyable experience a Scout leader can have.

There is a certain magic in the out-of-doors....in the magic and spirit of Gilwell....where the air and water are still pure....where the sunlight glistens off the river and filters through the fluttering leaves of the hardwoods....where the fragrance of the forest delights the nostrils as you sit around a campfire watching the embers glow; where the calls of wildlife serenade you to sleep and beckon you to a new day. It's a magic that refreshes both body and spirit.

I appreciate and commend you for the responsibilities that you have undertaken in Scouting for the benefit of boys. In an effort to help you achieve your objectives in those responsibilities, I want to personally urge you to participate in Wood Badge and sharpen your skills....skills that will make it easier for you to do an even better job in providing a quality program for the boys you serve. I invite you to do an even better job in providing a quality program for the boys you serve. I invite you to that magnificent outdoor setting....to participate in an outdoor experience that is second to none.

WELCOME BACK

Troop 898 has reorganized. With the joint effort of Temple Beth Israel and the Albany Park Community Center, the troop has once again joined the ranks of the active. Mike Hurst is the new Scoutmaster with some old friends on the committee like Jerry Arnold, Kent Merel, Ray Harth, and Sam Rovner. Mike is currently studying at DeVry institute. Thanks for joining. We'll be looking forward to meeting you at Roundtable.

"SLOWLY WE TURNED, STEP BY STEP."

Arrowhead is closer to showing an increase over the same time last year than we've been since 1970. All it will take is one strong concerted effort to break the boy barrier.

There will be people contacting you over the summer to get your September Roundup date. It is important that we get the kids the first thing when they get back to school, before they become involved in things other than scouting.

Jim Anthony, Al Birch, Ruth Kosmeja, and Tom (Goodolwhatsname) Cameron, will be calling to break the boy barrier.

SEPT. 14, 15, & 16 are the days that you can get away from it all, for awhile. It's Arrowhead's Owaspippe!

weekend. All Cub and Scout leaders and their friends are invited. Set in beautiful northwestern Mich. about 200 miles from Chicago, the camp lies in the midst of pine forests and fresh air. For only \$25 you can take a family of 6 or three couples, or just pack five other buddies and head for a fun packed weekend. Baseball, basketball, fishing, swimming, if the weather permits or just get lazy. It is a good chance to get to know and swap tales with the other Scout leaders, and develop long lasting friendships. To reserve your cabin call Clark Hill at 583-3438 for your reservation or contact Tom Cameron at 782-3990-721-1735. Hurry because there are a lot of cabins already taken.

Those units that made it to the Camporall: 879, 880, 881, 920, 938, 940, 941, 950, 995. Webelos units: 880, 3938, 3940, 4916, 3950. Pack 3932.

SME

The finance campaign in Arrowhead this year was drastically short of last year's achievements. Money is needed more than ever especially since the tax increase at Owaspippe. If you find yourself in a position to contribute please send it in. If you have any comments that you can lend please forward them also.

Hope to see some units at Owaspippe this summer. If I don't see you then, I'll see you in September.

Have a happy and healthy summer.

SCOUTING FOR THE HANDICAPPED

CHAIRMAN
DIRECTOR

Paul Kavanaugh 341-6220
Calvin C. McCarroll 374-9341

SPECIAL THANKS

To Unit Leaders of Troop 402, Christopher School, Troop 1003, King School and Post 9003 who camped at Campsite 4, at Yorkville for the Camporall. It appeared that everyone enjoyed themselves for the event.

SCOUTING FOR THE HANDICAPPED

For every boy in a special Scouting unit there are two handicapped boys in so-called "normal" units not providing specialized programs.

A dramatic leap forward was made possible in 1971 when the Disabled American Veterans made a 5-year commitment amounting to a grant of \$279,883 to enable the Scouting movement to establish a full-time position at the national office as director of Scouting for the Handicapped and to provide program funds.

Training seminars at Philmont and Schiff are essential to the ongoing promotion of that program.

Many religious, civic, and educational partners have joined in making sure that these

"special" boys have a full program of Scouting.

I WOULD LIKE TO SHARE WITH YOU SOME THOUGHTS THAT HAVE BEEN STATED ABOUT "HANDICAPPED."

Excerpt from Goodwill News Letter -- August 19, 1966 Semantics. Examination of the terminology that the Goodwill Industries uses needs to consider the difference between the words "handicapped" and "disabled." In a book entitled "Physical Disability - A psychological approach," the author, Beatrice A. Wright, professor of psychology at the University of Kansas, considers the words and states "Hamilton (1950) proposes a distinction between the terms 'disability' is a condition of impairment, physical or mental, having an objective aspect that can usually be described by a physician. A handicap is the cumulative result of the obstacles with disability interposes between the individual and his maximum functional level.

LEADERSHIP NEEDS

Now is the time for all units to evaluate their leadership needs for the coming fall. If you have openings, let's get them filled so that your unit will be at full strength come September.

HOUBY DAY PARADE

This year's Houby Day Parade Chairpersons are Marion Waser and Joan Morry. They have a lot of good ideas for packs and troops who wish to participate. This year's parade theme is Circus Days.

MEMBERSHIP

Let's start thinking of ways to bring each den, patrol, pack, and troop up to full strength. Boys are our business. Each pack and troop is needed to participate in the fall roundup to bring the Scouting program to every boy in Cicero who wants to belong.

All reservations MUST be in to Rita Cook, 5201 South Kostner, Chicago, Illinois 60632 (582-9162), BEFORE AUGUST 22 with the \$25.00 per cabin fee.

SUCCESSFUL CENTURY CLUB

On Thursday, June 1, Mr. Frank Bauder, President of Drivers Bank, hosted a Century

Club luncheon. Mr. Bauder invited businessmen of the area to attend the luncheon to hear about Marquette Trail Scouting, and become members of the Marquette Trail Century Club by contributing \$100 to the district Sustaining Membership Enrollment campaign. As a result, our district Sustaining Membership Enrollment campaign is richer by over \$2,000. We and the boys of the Marquette Trail thank Mr. Bauder and Drivers Bank of Chicago for their support and successful effort.

ABSOLUTE LAST CHANCE

This is absolutely the last chance to attend Owasppe in 1978. If your Scouts are going to have the adventure of a lifetime this summer, now is the time to register for Owasppe. Don't be left out! Be sure your Scouts get the best possible program. Attend Owasppe in 1978.

THANK YOU

I take this opportunity to personally thank the Scouts and leaders of 396, 1254, 3237, 3387, and 4254 for attending the Camporall at Yorkville. Those individuals I talked to at the Camporall enjoyed themselves. If you want to know more about the Camporall, talk to the Scouts and leaders of the units mentioned above.

CUB SCOUT PACK 4254 OF ST. PETER CANISUS

Sunday, April 30, 1978, Cub Scouts, Webelos and leaders of Pack 4254 attended the 33rd Annual Lincoln Pilgrimage in Springfield, Illinois. After registering at Lincoln's Tomb, the pack started out on the Cub Heritage Trail, which is a little less than two miles. They visited the Old State House, Lincoln's Tomb, the Railroad Depot and Lincoln's Law Office.

Then, back to Lincoln's Tomb where we assembled for the ceremonies and speeches including a speech from Governor Thompson. Right after the Tomb ceremony, the only all Scout parade in the USA started. We walked to the reviewing stand at the Capitol one and one-half miles away. During the parade, we were joined by Governor Thompson, who walked with us for about three blocks. Governor Thompson shook hands with most of the Cub Scouts and leaders in our pack. Cub Scout Sammy Hadden asked the Governor how tall he was. Governor Thompson replied "six feet, six inches." The Cub Scout said, "You are two inches taller than Lincoln."

Each boy who attended received two patches and the pack received a participation ribbon for marching in the parade.

The bus arrived with our lunches, which we ate at the scenic mall outside the old Capitol Building.

All in all, the trip was a very enjoyable experience that the boys and leaders both liked.

On May 3, Cub Scout Pack 4254 held the District Pinewood Derby. Trophies were awarded for First Place (Mario Diaz of 4254); Second Place (Eric Schmidt of 3387); Third Place (Sammy Hadden of 4254). An honorable mention to John Valentine and Chris Bensen of 4254 in the races. For best design, First Place to Chris Bensen of 3387; Second Place to John Valentine of 4254; Third Place to Jim Cotosopoulos of 3387. Also, honorable mention to Rich Homer and Mario Diaz.

Congratulations to the unit leaders, both Scout and adults. We all left the Camporall with the knowledge that our boys had a great experience on the spectacular program that was presented. Quite a number of boys and leaders hope Chicago Area Council has another Camporall and soon. 44 units with 354 boys and 149 adults attended the Camporall from the district. Great Show!!

Any Cub units interested in Cub Leader Training contact either Cub Commissioner, Donn Richmond (229-1465) or Joe Adams (436-1867), Cub Leader Training Chairman.

Thanks to the units that attended the Walakazoo. This activity was surely a rewarding experience for the presenters and the boys and leaders. A great big thank you to Stan Sulikowski and Ron Smart, Course Director, or George Strick, District Training Commissioner. Remember - every boy deserves a trained leader. DISTRICT DINNER

The District Dinner which was held Friday, May 5, 1978, at the Beverly House Restaurant, was very well attended. The meal was delightful and so was the program. In conjunction

with Recognition Awards for Chairman of past events and S.M.E. Awards presented, one might say the Awards presentation was highlighted by the Award of Merit distribution. Patricia Mahon from pack 3459 and Walter Pilputch, pack 3608 were the proud recipients.

CAMPORALL

Tri-Ridge, you are to be congratulated on your outstanding participation in the Council Camporall, this past May 19-21. You provided the Camporall with over 175 boys and close to 50 unit leaders. Pat yourself on the back. You deserve it.

S M E

Tri-Ridge, you did it! You beat the clock, but not by much. Your SME goal was achieved in the month of June through the hard work and efforts of Doreen Vacey, Earl Jorgensen, Otto Kaiserauer and Vince Sheridan to name a few of many persons. For the units who will share the fruits of others labor, we will let your conscience be your guide.

This summer Owasippe Scout reservation is hosting a Cub Scout Wood Badge session. Only two people from Chicago Area Council will be among those attending. One of those two people will be our own Barbara Lubawy, our Cub Commissioner.

SOUTHERN AREA ENDURES GROWING PAINS:

During the past year, the Exploring Division has effected many changes; thus directly affecting the geographical territories. Southern Area, the largest of these geographical territories has survived well. Things life more direct youth involvement, boundaries, program changes and personnel changes have caused the once stagnant waters of Exploring to begin to flow clean again.

Unfortunately, change is a difficult juncture for many people. These transitions will occur more smoothly with total cooperation of all involved. The basic plea is keep an open mind. There is no reason to fear new ideas, for they are new to all of us. We're committed to youth together, and because of this commitment, we cannot and must not step back or stand still.

More direct youth involvement has caused responsibility levels to rise and more viable planning to occur. The decision making process has become a well learned and valuable tool. As for boundary changes, these imaginary lines

are established for the mere purpose of determining executive responsibility, nothing more. Exploring is a division, a whole. If you will, consider it one district with four communities. On this basis any programs planned include all Exploring, not just an area.

Program changes have come along with the effort to keep Exploring what it claims to be - contemporary. The majority of the programs have been in existence for eight years or more. That's a long time and have caused careless planning and worn assumptions.

Personnel changes have introduced to Exploring a combination of youth and experience - a new change and hopefully a welcome one. The new team of executives are just that - a team, with a sense of dedication and a spirit of success.

Remember, time marches on and only the strong survive!!

CONGRATULATIONS!
